

Oh Maya Gods! Year 5 Glanvill Class Term 2		Class Text 	Key Area of Learning As historians, we will be journeying to Ancient Mayan Civilisation. We will think about where it is in the grand timeline of history and think about the lasting legacy of the Mayans. We will make comparisons between life then and now as well as look at historical evidence and understand more about how historians make judgements about how people lived.			
English		Mathematics	Science		RE	
Glanvill will develop their understanding of pathetic fallacy and other figurative devices to write poetry. In our writing this term, we will learn to skills such as dialogue that moves the action on, relative clauses using relative pronouns and commas and the past progressive tense. We will also be working on our reading aloud and drama skills as part of Fluency Fridays and Book Buddies.		In maths, we will continue to build on our understanding of multiplication. Learning more about different methods of calculation, the children will speed up their fluency of known facts to aid them when learning longer written methods for calculation like long multiplication and short division. We will further our understanding of decimals and properties of shapes in geometry.	We are learning about the Earth and Space this term. We will travel through our solar system and learn about the planets in it. We will learn about the phases of the moon and understand why we have day and night and the changing seasons. Enrichment: Trip to We the Curious in Bristol		In RE, we will think about the big question: How do rites of passage shape the lives of different Christians? We will explore the language and meaning of a ‘Rite of Passage’ and compare some from our own lives, in other faiths and in Christianity. We will further explore this through Baptism, which is a Christian rite of passage.	
Computing	Music	PSHE	DT		French	PE
We will continue to build our understanding of being safe online along with building our own databases.	We are continuing to learn to read musical notation and play as a class brass orchestra.	We are exploring the main question: Why are healthy relationships important? We will be investigating identity, values and relationships by considering how experiences and beliefs can influence choices and behaviour.	We will build electric vehicles applying our knowledge of pulleys and gears. We will follow the research, design, make and review process to properly create a super design.		We will be learning the solar system in French and the correct choice of un/une for gender and add colour adjectives when writing.	In PE we will be continuing to work through the modules in REAL PE. This term we will be focusing on applying our skills in Hockey.
