

David Chadwick

I was elected a Parent Governor in Sept 2018 as I wanted to positively contribute to the setting in which my daughter was being educated. She has subsequently left however, my desire to do the best for the school, staff and children has kept me involved, now acting as Vice Chair.

I've been a member of the Royal Air Force for nearly 20 years, initially as an engineer and now as aircrew on the C-17 cargo aircraft. In my current position I'm responsible for ensuring aircrew adhere to the manuals and regulations related to their role and aircraft, as well as qualifying flight instructors.

Both professionally and in my role as school Governor, I strive to ensure the highest standards are met for the benefit of all involved. I have a real passion that all students at Aston and Cote are given the best opportunity to thrive in education, and establish deep rooted values that guide them through their lives.
