

Edward Steele

I joined the Governing Board in 2019, as a Foundation Governor, after moving to the village, as I wanted to get involved with the local community. I had previously been a Governor, where I lived previously, for five years, being involved with premises and finance.

I have now retired from a career in retailing where I held a variety of posts, including shop fitting, data analysis, higher education research as well as several management positions. I have been responsible for up to £35 million turnover and in excess of 200 staff.

In retirement I want to help children achieve as much as possible and help provide them with all they need to maximise their potential.
