

Peter Dempsey

I retired in the Autumn of 2012 moved to Aston in August 2013.

My professional background is in Primary Education, have been Headteacher in Primary schools in Chichester and Bolton and then Senior Primary Advisor in Lincolnshire.

Since moving to the village I have become involved in the Voices magazine; helping with layout and photographs.

My hobbies include Computing and Photography and I have particularly enjoyed restoring old or damaged photographs for friends and villagers.

I am proud to be a Governor at our village school and enabling it to continue to provide a high quality education for the children as it continues to be a vibrant asset to the community.
